

## COMPREHENSIVE PLAN

---

### Instruction

- Prepare all students, consistent with their ability and potential, to be productive citizens in a democratic and diverse society.
- Implement instructional practices and programs that enable students to meet established standard of achievement and foster life-long learning.
- Develop an instructional climate centered around dignity and respect.
- Meet or exceed state and federal guidelines for student achievement.

### Human Resources

- Implement practices to support and assist teachers and support staff in the instruction of positive learning for all students.

### Health and Safety

- Seek to maintain a safe, disciplined and healthy environment that nurtures physical, mental and emotional well-being, and the development of social and character competencies.

### Community Relations

- Establish positive and effective communication initiatives to build an awareness of the Hot Springs School District.

### Technology

- Improve administration and management of student learning environments and facilitate effective communication.

### Budget and Finance

- Provide accurate and professional financial information. Plan for future school district/school needs, assess past financial performances, and optimize the sharing of information.
