LEVELS OF SALARY SCHEDULE

General:

There are five levels of pay for the certified staff of Hot Springs School District. Those five levels are Bachelor's, Bachelor's plus fifteen hours, Masters, Masters plus fifteen hours, and Professional.

Guidelines:

Except as noted below, all hours that qualify staff members for higher pay levels must be education related graduate hours. In some special circumstances, and when approved in advance by the superintendent, specific undergraduate hours may count toward higher pay increments if doing so is to the advantage of the district.

Hours accumulated after the initial degree but prior to initial certification may not be used for a higher pay level if those hours apply toward the initial certification. However, the graduate hours accumulated that are in addition to those required for the initial certification, and are education related, may be counted toward higher levels.

To qualify for the Master's pay level, an individual must have a Master's degree.

Only those hours accumulated after the Master's degree is received will count for the pay levels higher than the Master's. However, graduate hours accumulated while earning the Master's degree that do not count for credit toward the degree, but are beneficial to the district and approved in advance by the superintendent, may count as hours above the Master's.

To qualify for the professional pay level an individual must have 30 hours above the Master's degree.

A form showing the pay level, with supporting documentation, and approved by the superintendent, will be placed in all new certified personnel's permanent file. The form will be updated and approved by the superintendent as the pay levels are changed.

To qualify for higher pay levels on the salary schedules of the district, for additional hours earned, certified staff must submit transcripts and/or other documentation as determined by the superintendent by the following deadlines: no later than September 30 in order to be effective for the fall semester and no later than January 30 in order to be effective for the spring semester. Hours verified by transcripts and/or other documentation as required that are submitted after the above dates will not become effective until the next semester following the date of submission.

TEACHER'S HOURS

The regular school day for all teachers shall be from fifteen (15) minutes prior to fifteen (15) minutes after the bells for the regular school day for students. Teachers will also work one hour per week in addition to the above time. The time for the additional hour will be set by the principal, and may be in 30 minute increments or a 60 minute time period. On days of duty as assigned by the Principal, said school day shall be from thirty (30) minutes prior to thirty (30) minutes after said bells, unless modified by the principal. Certified personnel may leave school during the school day with prior approval of the Principal.

In addition to regular school day, teachers shall attend staff meetings, professional growth activities, in-service training, and any other school related activities at the discretion of the Superintendent and/or Principal.

GENERAL LEAVE POLICIES:

Leave of Absence:

The Board of Directors of the district, upon the recommendation of the Superintendent, may grant any employee a leave of absence without pay for a minimum of one (1) semester and a maximum of two (2) semesters. To be eligible, an employee must have been employed a minimum of three (3) years by the district and renewed for the fourth (4th) year.

Requests for leave of absence must be timely and made to the Superintendent in writing. Persons on leave of absence must notify the Superintendent in writing at least forty-five (45) days prior to the end of the semester in which the leave would expire of his or her desire to be re-employed the next succeeding semester.

An employee granted leave of absence shall have first choice of a vacancy in his or her area of certification or field and shall be re-employed at the option of said employee. If the employee refuses such available employment, the employee shall have no further priorities or rights to re-employment. Re-employment may be in any building or school within the district, and does not have to be the same as the previous employment of the employee.

Personal Leave

For the district to function efficiently and have the necessary personnel present to effect a high achieving learning environment, employee absences need to be kept to a minimum. The district acknowledges that there are times during the school year when employees have personal business that needs to be addressed during the school day. Each full-time employee shall be allowed to use two (2) days of their allotted sick leave days for personal leave per contract year. (See the district's Sick Leave Policy.) The leave may be taken in increments of no less than one-half (1/2) day.

Personal leave days do not accumulate from one contract year to the next. If an employee does not use any or all available personal days in a contract year, such days are carried over as part of the employee's sick leave days, and NOT as personal days. The maximum days that may be used for personal leave in any contract year is two (2).

Employees shall take personal leave or leave without pay for those absences which are not due to attendance at school functions and do not qualify for other types of leave, such as sick leave or vacation days. (For professional leave see below.)

School functions, for the purposes of this policy, means:

1. Athletic or academic events related to the school district; and
2. Meetings and conferences related to education.

The determination of what activities meet the definition of a school function shall be made by the employee's immediate supervisor or designee. In no instance shall paid leave in excess of allotted vacation days and/or personal days be granted to an employee who is absent from work while receiving remuneration from another source as compensation for the reason for their absence.

Any employee desiring to take personal leave may do so by completing the required documentation.

Employees who fail to report to work when their request for a personal day has been denied or who have exhausted their allotted personal days, shall lose their daily rate of pay for the day(s) missed (leave without pay). While there are instances where personal circumstances necessitate an employee's absence beyond the allotted days of sick and/or personal leave, any employee who requires leave without pay must receive advance permission (except in medical emergencies) from their immediate supervisor. Failure to report to work without having received permission to be absent is grounds for discipline, up to and including termination.

Personal leave and vacation days may not be taken the day before or the day after a holiday, or during professional development activities,

unless authorized by the superintendent in advance.

Professional Leave:

The Superintendent, or his/her designee, may grant professional leave with pay to any employee for attendance or participation in activities connected with the employment of the employee. Such leave may include expenses for travel, meals, and lodging when appropriate.

“Professional Leave” is leave granted for the purpose of enabling an employee to participate in professional activities (e.g., teacher workshops or serving on professional committees) which can serve to improve the school district’s instructional program or enhances the employee’s ability to perform his duties. Professional leave will also be granted when a school district employee is subpoenaed for a matter arising out of the employee’s employment with the school district. Any employee seeking professional leave must make a written request to his immediate supervisor, setting forth the information necessary for the supervisor to make an informed decision. The supervisor’s decision is subject to review and overruling by the superintendent. Budgeting concerns and the potential benefit for the district’s students will be taken into consideration in reviewing a request for professional leave.

Applications for professional leave should be made as soon as possible following the employee’s discerning a need for such leave, but, in any case, no less than two (2) weeks before the requested leave is to begin, if possible.

If the employee does not receive or does not accept remuneration for their participation in the professional leave activity and a substitute is needed for the employee, the district shall pay the full cost of the substitute. If the employee receives and accepts remuneration for their participation in the professional leave activity, the employee, at the Superintendent’s discretion, shall forfeit his/her daily rate of pay from the district for the time the employee misses.

Vacation Leave

Employees issued twelve (12) months contracts will earn and accrue ten (10) days of vacation leave, with pay, each fiscal year, or a pro-rated number of days for each full month of employment if employed subsequent to the beginning of the fiscal year. Said vacation days may be taken during the fiscal year following the year in which they were earned. After completing three (3) full years of employment, an employee will earn and accrue twelve (12) days of vacation leave beginning with the fiscal year following the three (3) full years of employment. Employees under contract as of June 30, 2009 shall have a minimum of ten (10) days of vacation leave that may be used during the year beginning July 1, 2009.

Employees must have vacation days approved, in advance, by their supervisor, subject to review by the Superintendent. Vacation days may be denied if, in the opinion of the supervisor, the request for a vacation day(s) would disrupt the educational process or normal district operations.

Unused vacation leave, earned subsequent to June 30, 2009, will not accumulate from one year to another. Vacation leave (except days accumulated prior to June 30, 2009) not used during any contract year will be lost.

Upon termination of employment, for any reason, payment for unused vacation leave at the employee's daily or hourly rate of pay, whichever the case may be, will be made **ONLY** when termination coincides with the end of the contract year and the employee has been requested by the Superintendent to work through the end of the contract year in lieu of taking available vacation. Under all other circumstances, no payment will be made for accrued or unused vacation leave.

Employees terminating employment at the end of a contract year will take accumulated vacation days prior to termination, except when requested to work as set forth in the preceding paragraph.

Employees who, according to district records as of June 30, 2009, have vacation days that have been accumulated, will not lose such vacation days. However, no additional vacation days (those credited at the beginning of each subsequent contract year) shall accumulate or be carried over. The provision of this policy regarding the use of vacation days upon an employee's termination of employment shall also apply to days accumulated prior to June 30, 2009.

Adopted: June 24, 2008

Holidays:

All employees on twelve (12) months contracts shall be entitled to observe the following holidays: Labor Day, 4th of July, Memorial Day, Martin Luther King Day, Thanksgiving (Wednesday, Thursday, and Friday), Christmas vacation as set by school calendar, one day during spring break of the school calendar as set by the Superintendent. All employees on a contract for less than twelve (12) months shall be entitled to holidays as established by the school calendar.

Jury Duty:

Any employee of the district may serve on jury duty without any deductions from their salary and without loss of any credited or accumulated leave.

A.C.A. 6-13-620

FAMILY AND MEDICAL LEAVE ACT OF 1993

The district acknowledges that teachers and employees may be eligible for entitlements provided under the Family and Medical Leave Act. Any teacher or employee is required to substitute any or all available accrued sick leave days under the Sick Leave Policy of the district for any part or all, as the case may be, of the twelve(12) weeks period of leave provided for under the Family and Medical Leave Act. The district shall not provide paid sick leave where the teacher or employee has no such leave available or accrued.

The Superintendent shall make information about the Family and Medical Leave Act available to teachers and employees upon request and shall post notice thereof as required by the law.

LEAVE OF ABSENCE FOR PERSONAL INJURY FROM ASSAULT

The Board of Education of the Hot Springs School District #6 shall grant to any employee of the district who is absent from duty in a public school due to personal injury from assault or other violent criminal act committed against employee in the course of employment in the public school leave at full pay while the employee is unable to return to work. An "assault or other violent criminal act" is defined as "a direct attack on the person of the employee and includes personal injury suffered while intervening in student fights, restraining a student or protecting a student from harm".

The leave shall last as long as the employee is unable to return to work but not to exceed one (1) year from the date of the injury. Leave granted under this provision shall not be charged to the sick leave of the employee.

The assault or criminal act must have been reported to and verified by the proper authority, e.g., police.

To apply for the leave of absence, and thereafter at the request of the Board after leave is granted, the employee must present a statement from a medical doctor stating that the employee is under the care of a doctor, and that the employee is incapable, by reason of the personal injury sustained, to return to work. The School Board may request that the employee be examined by a medical doctor of the Board's choosing to verify the inability of the employee to return to work. If there is disagreement between the employee's doctor and the Board's doctor, a third opinion shall be requested from a medical doctor that both the Board and the employee agree upon. In such a case, the decision from the agreed upon doctor shall be the decision that the Board and the employee shall abide by.

The employee shall not draw workers' compensation nor hold any other job during the time the Board is paying full salary under the conditions of this policy and act. The decision of the School Board shall be final, and that decision shall not be subject to appeal through any administrative processing, including District grievance policies or procedures.

GRIEVANCE POLICY

Purpose

To provide an orderly process for employees to resolve their concerns related to personnel policy, salary, federal or state laws and regulations, or terms or conditions of employment, at the lowest possible administrative level.

Definitions

Grievance – A grievance is any concern related to personnel policy, salary, federal or state laws and regulations, or terms or conditions of employment, raised by an employee. A group of employees who have the same grievance may file a group grievance.

Other matters for which the means of resolution are provided or foreclosed by statute or administrative procedures shall not be considered grievances. Specifically, no grievance may be entertained against a supervisor for directing, instructing, reprimanding or “writing up” an employee under his or her supervision.

Employee – Any person employed under a written contract with the District.

Immediate Supervisor – The person immediately superior to an employee who directs and supervised the work of an employee.

Day – A calendar day, unless otherwise specified.

Process

All parties have the right to be represented by a person of their own choosing at any level of the proceeding, but not by a member of a party’s immediate family.

Level One – An employee who believes that he or she has a grievance should inform that employee’s immediate supervisor that the employee has a potential grievance and discuss the matter with the supervisor within five (5) working days of the occurrence of the grievance. (The five day requirement does not apply to grievances concerning back pay.) If the grievance is not advanced to Level Two within five days following the conference, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

If the immediate supervisor cannot resolve the grievance, the employee can advance the grievance to Level Two. To do this, the employee must complete the top half of the Level Two grievance form, citing the specific reason(s) that has given rise to the grievance, within five (5) working days of the discussion with the immediate supervisor and submit the grievance form to the building principal. In the event the employee’s immediate supervisor is the building principal, the employee will submit the grievance to the Superintendent.

Level two – Upon receipt of a Level Two grievance, the building principal or Superintendent (hereinafter “recipient”) will require the

immediate supervisor to respond to the grievance using the bottom half of the Level Two grievance form. The recipient will have ten work days to schedule a conference with the employee filing the grievance. After the conference, the recipient will have ten working days in which to deliver a written response to the grievance to the employee. If the grievance is not advanced to Level Three (if appropriate) or appealed to the Board of Directors within five days of the conference, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

Level Three – If the proper recipient of the Level Two grievance was the building principal, and the employee remains unsatisfied with the written response to the grievance, the employee may advance the grievance to the Superintendent by submitting a copy of the Level Two grievance form and the principal's reply to the Superintendent within five working days of the date on the principal's reply. The Superintendent will have ten work days to schedule a conference with the employee filing the grievance. After the conference, the Superintendent will have ten working days in which to deliver a written response to the grievance to the employee.

Appeal to the Board of Directors

An employee who remains unsatisfied by the written response of the Superintendent may appeal the Superintendent's decision to the Board of Directors within five (5) working days of the date on the Superintendent's written response by submitting a written request for a board hearing to the board president, with a copy sent to the Superintendent. If the grievance is not appealed to the Board of Directors within five (5) days of the date on the Superintendent's written response, the matter will be considered resolved and the employee shall have no further right with respect to said grievance.

The hearing on the grievance will be heard at the next regular meeting of the Board, unless the employee agrees in writing to an alternate date for the hearing. At the conclusion of the hearing, the Board of Directors may excuse all parties except board members and deliberate, unless the hearing is open, in which case any deliberations shall be in open meeting. If the grievance involves a personnel matter or issue, the board may deliberate in executive session, as provided by law. A decision on the grievance shall be announced no later than the next regular meeting.

The hearing shall be open or closed at the discretion of the employee. If the hearing is open, the parent or guardian of any student under the age of eighteen (18) years who gives testimony may elect to have the student's testimony given in closed session.

Records

Records related to grievances will be filed separately and will not be kept in or made a part of the personnel file of any employee.

Reprisals

No reprisals of any kind will be taken or tolerated against any employee because he or she has filed or advanced a grievance under this policy.

CERTIFIED PERSONNEL REDUCTION IN FORCE

The School Board acknowledges its authority to conduct a reduction in force (RIF) when a decrease in enrollment or other reason(s) make such a reduction necessary or desirable. A RIF will be conducted when the need for a reduction in the work force exceeds the normal rate of attrition for that portion of the staff that is in excess of the needs of the district as determined by the superintendent.

In effecting a reduction in force, the primary goals of the school district shall be: what is in the best interests of the students; to maintain accreditation in compliance with the Standards of Accreditation for Arkansas Public Schools and/or the North Central Association; and the needs of the district. A reduction in force will be implemented when the superintendent determines it is advisable to do so and shall be effected through the non-renewal, termination, or both. Any reduction in force will be conducted by evaluating the needs and long- and short-term goals of the school district, and by examining the staffing of the district in each licensure area and/or, if applicable, specific grade levels.

If a reduction in force becomes necessary in a licensure area or specific grade level(s), the RIF shall be conducted for each licensure area and/or specific grade level on the basis of each employee's points as determined by the schedule contained in this policy. The teacher with the fewest points will be laid off first. In the event of a tie between two or more employees, the employee with the earlier hire date, based on date of board action, will prevail. If a tie still remains, the superintendent shall have the discretion to make a recommendation to the board, based on his/her best judgment. There is no right or implied right for any teacher to "bump" or displace any other teacher.

Points

- Years of service in the district---1 point per year All certified position years in the district count including non-continuous years. Graduate degree in any area of licensure in which the teacher will be ranked (only the highest level of points apply):

1 point---Master's degree

2 points---Master's degree plus thirty additional hours

3 points---Educational specialist degree

4 points---Doctoral degree

National Board of Professional Teaching Standards certification---3 points

Additional academic content areas of endorsement as identified by the state board---1 point per area

Certification for teaching in a state board identified shortage area---2 points

Multiple areas and/or grade levels of licensure as identified by the State Board---1 point per additional area or grade level as applicable.

All points awarded must be verified by documents on file with the District by October 01 of the current school year. Each teacher's points shall be totaled with teachers ranked by the total points from highest to lowest. All teachers shall receive a listing of licensed personnel with corresponding point totals. Upon receipt of the list, each teacher has ten (10) working days within which to appeal his or her assignment of points with the superintendent whose decision shall be final.

A teacher with full licensure in a position shall prevail over a teacher with greater points but who is lacking full licensure in that subject area. "Full licensure" means a permanent, no-contingent license to teach in a subject area or grade level, in contrast with a license that is provisional, temporary, or conditional on the fulfillment of additional course work or passing exams or any other requirement of the Arkansas Department of Education, other than the attainment of professional development training.

Pursuant to any reduction in force brought about by consolidation or annexation and as a part of it, the salaries of all teachers will be brought into compliance, by a partial RIF if necessary, with the receiving district's salary schedule. Further adjustments will be made if length of contract or job assignments change. A partial RIF may also be conducted in conjunction with any job reassignment whether or not it is conducted in relation to an annexation or consolidation.

If a teacher is non-renewed under this policy, he or she shall be offered an opportunity to fill a vacancy for which he or she is qualified for a period of up to two (2) years. The non-renewed teacher shall be recalled for a period of two (2) years in reverse order of the layoff to any

position for which he or she is qualified. Notice of vacancies shall be by certified mail and the non-renewed teachers shall have ten (10) working days from the date that the notification is received in which to accept the offer of a position. A lack of response or a teacher's refusal of a position shall end the district's obligation to replace the laid-off teacher.

A.C.A. 6-17-2407 Date Adopted: June 26, 2007

NON-CERTIFIED PERSONNEL REDUCTION IN FORCE

The School Board acknowledges its authority to conduct a reduction in force (RIF) when a decrease in enrollment or other reason(s) make such a reduction necessary or desirable. A RIF will be conducted when the need for a reduction in the work force exceeds the normal rate of attrition for that portion of the staff that is in excess of the needs of the district as determined by the superintendent.

In effecting a reduction in force, the primary goals of the school district shall be: what is in the best interests of the students; to maintain accreditation in compliance with the Standards of Accreditation for Arkansas Public Schools and/or the North Central Association; and the needs of the district. A reduction in force will be implemented when the superintendent determines it is advisable to do so and shall be effected through non-renewal, termination, or both. Any reduction in force will be conducted by evaluating the needs and long-and short-term goals of the school district in relation to the staffing of the district.

If a reduction in force becomes necessary, the RIF shall be conducted separately for each occupational category of classified personnel identified within the district on the basis of each employee's years of service. The employee within each occupational category with the least years experience will be laid off first. The employee with the most years of employment in the district as compared to other employees in the same category shall be laid off last. In the event that employees within a given occupational category have the same length of service to the district the one with the earlier hire date, based on date of board action, will prevail.

All credited years of service must be verified by documents on file with the District by October 1 of the current school year. All non-certified employees shall receive a listing of the personnel within their category with corresponding point totals. Upon receipt of the list, each employee has ten (10) working days within which to appeal his or her assignment of points with the superintendent whose decision shall be final.

Total years of service to the district shall include non-continuous years of service; in other words, an employee who left the district and returned later will have the total years of service counted, from all periods of employment. Working few than one hundred twenty (120) days in a school year shall not constitute a year. Length of service in a certified position shall not count for the purpose of length of service for a non-certified position. There is no right or implied right for any employee to "bump" or displace any other employee. This specifically does not allow a certified employee who might wish to assume a classified position to displace a classified employee.

Pursuant to any reduction in force brought about by consolidation or annexation and as a part of it, the salaries of all employees will be brought into compliance, by a partial RIF if necessary, with the receiving district's salary schedule. Further adjustments will be made if length of contract or job assignments change. A Partial RIF may also be conducted in conjunction

If an employee is non-renewed under this policy, he or she shall be offered an opportunity to fill a vacancy for which he or she is qualified for a period of up to two (2) years. The non-renewed employee shall be recalled for a period of two (2) years in reverse order of the layoff to any position for which he or she is qualified. Notice of vacancies to non-renewed employees shall be by certified mail and they shall have

ten (10) working days from the date that the notification is received in which to accept the offer of a position. A lack of response or a non-renewed employee's refusal of a position shall end the district's obligation to replace the laid-off employee.

EMPLOYER PROVIDED CELLULAR TELEPHONE AND PAGER USE POLICY

The purpose of this policy is to comply with Internal Revenue Service regulations regarding use of cellular telephone and/or pagers provided to certain designated employees for business purposes. The use of such devices by said employees provides a beneficial service to the district and is necessary in the performance of their duties.

Certain administrators, supervisors, and employees, as determined at the discretion of the superintendent, may be provided the above devices for use in the performance of their duties. The devices may be used without limitation, provided the employee satisfies one of the following two options to be selected by the employee:

1. The device and its use shall be a taxable fringe benefit to the employee. The taxable amount, to be reportable as income, will be the fair market value of the device and its use, which is the amount the employee would personally have to pay for the device and its use, or
2. The employee will provide to the district a monthly itemization of personal calls or use of the pager and will reimburse the district the cost of such personal use on a monthly basis. The reimbursable amount will be the direct charges for personal use and a pro rata share of monthly fees based on the fair market value of the device and its use, as determined by the method set forth in option one (1) above. In the event the employee fails to comply with the provision of this option regarding itemization and reporting, the device and its use will be considered a taxable fringe benefit to the employee and reportable as income.

An employee provided a cellular telephone or pager may elect to use a provided device solely for business purposes, and the business use will not be considered as a taxable fringe benefit. The district will audit the employee's billings, and, if there is personal use of the device, the device and its use will be considered a taxable fringe benefit to the employee.

The superintendent will establish procedures necessary to implement this policy.

CONFLICT OF INTEREST POLICY

No employee shall offer for sale, lease, provide services to, or enter into other transactions with the school district where he/she is employed, except as provided for in the ethics laws of Arkansas (A.C.A. 6-24-101 et. Seq.) and the Arkansas Department of Education Rules and Regulations Governing Ethical Guidelines and Prohibitions for Educational Administrators, Employees, Board Members and Other Parties.

The Superintendent shall notify each employee, in writing, the obligations and responsibilities under the ethics laws and regulations of the State of Arkansas. Each employee shall be required to complete and file with the district a General Disclosure

Form provided by the district, said disclosure to become a part of the employee's personnel file.

CERTIFIED PERSONNEL RECORDS AND REPORTS

The superintendent or his/her designee shall determine, by individual or by position, those records a teacher is responsible to keep and those reports he/she is required to maintain. It is a requirement of employment that all required records and reports be completed, submitted, or otherwise tendered, and be accepted by the principal or superintendent as complete and satisfactory, before the last month's pay will be released to the certified employee. In addition, all keys and other property of the district in the possession of the teacher, or any other employee, shall be turned in at the conclusion of the contract period, at the discretion of the superintendent or designee. Failure to turn in such property shall also be subject to the provisions of this policy.

PERSONNEL RESPONSIBILITIES GOVERNING BULLYING

Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of bullying as defined in this policy, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the principal. The principal or his/her designee shall be responsible for investigating the incident(s) to determine if disciplinary action is warranted.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

District staff are required to help enforce implementation of the district's anti-bullying policy. The district's definition of bullying is included below. Students who bully another person are to be held accountable for their actions whether they occur on school equipment or property, off school property, at a school sponsored or school-approved function, activity, or event, or going to or from school or a school activity. Electronic acts of bullying are prohibited whether or not the electronic act originated on school property or with school equipment, if the electronic act is directed specifically at students or school personnel and maliciously intended for the purpose of disrupting school, and has a high likelihood of succeeding in that purpose.

Harassment means a pattern of unwelcome verbal or physical conduct relating to another person's constitutionally or statutorily protected status that causes, or reasonably should be expected to cause, substantial interference with the other's performance in the school environment; and

TRAVEL EXPENSE POLICY

Reimbursement for expenses related to travel and/or attendance at conferences and professional development activities incurred by district employees and/or members of the Board of Directors on behalf of the district shall be done according to the following guidelines. Original receipts must accompany all requests for reimbursement, payment, or for prepaid expenses paid by the district to the extent that such

receipts are customarily available, except as set forth below. For a receipt to be valid it should contain the name of the issuing company, the date, a detailed itemization of the individual expenses, and the total amount. To be eligible for reimbursement and/or to not be held accountable for the expense, the employee must submit the necessary receipts to the district within 90 days of the return date from the trip made by the employee. Employees are only eligible for reimbursement for travel expenses for travel which has been approved in advance. No cash advances shall be made for travel. Mileage, lodging, and meal expenses will not be reimbursed when incurred for the personal convenience of the employee and not required by the reason for the travel. Reimbursement for travel shall be for the lesser of the cost between travel by air or by car with some consideration allowed for length of time of the method of travel, as well as other considerations determined to be appropriate by the Superintendent and /or designee. Any expense not authorized will not be reimbursed or paid and is the responsibility of the employee to pay any such unauthorized expense.

To the extent practicable, employees shall have the district pay initial conference and professional development registration fees and associated necessary materials and appropriate expenses. In the occasional circumstances where this is not practical, the district shall reimburse the employee for such expenses if they were authorized in advance and are supported with proper receipts.

Meal and other appropriate expenses incurred by the superintendent, or other administrators authorized by the superintendent, in the performance of their duties when meeting with state or federal officials, or consultants, or in conducting appropriate and necessary business of the district, may be reimbursed or paid on a per person basis to the superintendent or administrator in line with the mandates and conditions of this policy, and in an amount considered appropriate by the superintendent. Such expenses shall only be reimbursed when the expenditure is likely to result in a tangible benefit to the district. An itemized receipt will be submitted for reimbursement or payment under this provision of the policy.

Rates for Reimbursement

Mileage allowance shall be reimbursed at the rate of 39 cents per mile. Mileage shall be reimbursed on the basis of the shortest, most reasonable, route available, as determined by the district

When not provided as part of the conference or other approved reason for travel, meal expenses shall be reimbursed for activities which last at least three (3) hours and necessitate leaving from or returning to the work site prior to or later than the customary meal time. Meal(s) may also be reimbursed if the location of and approved reason for the travel necessitates the employee return home later than 10:00 P.M. Meals shall be reimbursed or paid on a per diem basis for each allowable meal at the rate allowed by the IRS for the location of the meal expense. Receipts will not be necessary for such reimbursement or payment of meal expenses. The appropriate rate and allowance for each meal (breakfast, lunch, and dinner) will be provided to the employee upon approval of the travel request. The information will also be available in the bookkeeping department of the district.

When travel necessitates overnight lodging, reimbursement shall be equal to or less than the current IRS rate schedule unless at least one of the following conditions are met:

The location of the conference or other approved reason for travel is located in a hotel/motel which does not offer rates within the IRS rate schedule. In such an instance, the employee shall be reimbursed at the "special conference rate" if available. If such a rate is not offered, or no longer available, the employee shall be reimbursed for lodging costs that are reasonable for single occupancy rates at the hotel in which the conference is held.

The hotel/motel in which the conference is held has no rooms available. In such an instance, the employee shall be reimbursed for reasonable single occupancy lodging costs in another hotel/motel located near the conference.

The conference or other approved reason for travel is held in a location other than one that is part of a hotel/motel. If the rates of the hotels/motels located near the conference or other approved reason for travel are not within the IRS schedule, the employee shall be reimbursed for reasonable single occupancy lodging costs in a hotel/motel located near the conference.

To the extent practicable, employees shall receive assistance from administrators or their designee in arranging travel plans to help keep expenses to a minimum.

Expenses not covered

The district shall not reimburse the following items/categories of expenses.

Alcoholic beverages:

Entertainment expense – including sports or sporting events or pay per view or game expenses at hotels or motels;

Replacement due to loss or theft;

Discretionary expenses for items such as clothing or gifts;

Medical expenses incurred while on route to or from or at the destination of the reason for the travel; Optional or supplementary insurance obtained by the employee for the period covered during the travel;

Credit Cards

Only those employees specifically issued credit cards to be used in the performance of their jobs to purchase goods, services, or supplies on behalf of the district shall be allowed to use such cards. Employees who incur reimbursable expenses as defined in this policy are expected to pay for them initially by any means they choose and then

submit their request for reimbursement or payment. The district assumes no responsibility for the payment of any personal credit card charges incurred by a district employee.

Airport Associated Expenses

All airline flights shall be by coach/economy class. Receipts are necessary to be reimbursed for airport parking. Upon arrival, the employee is expected to take the less expensive option between a taxi and an airport shuttle service to the hotel/motel or meeting site. Receipts are necessary to be reimbursed. When circumstances dictate that a rental car is necessary and/or the most economical approach to the travel requirements, the least expensive car that will accomplish the job should be rented. A receipt is necessary to be reimbursed. The district shall reimburse the cost of liability and physical damage insurance on the vehicle, provided by the rental company, and included in the rental fee. Supplemental insurance, such as additional accidental death insurance, etc. will not be reimbursed, and is the responsibility of the employee.

Employees 's Responsibility

The employee shall be responsible for repayment to the district of any expense incurred for travel and under this policy that

is not properly authorized under the terms of the policy.

PERSONNEL RESPONSIBILITIES IN DEALING WITH SEX OFFENDERS ON CAMPUS

Individuals who have been convicted of certain sex crimes must register with law enforcement as sex offenders. Arkansas law places restrictions on sex offenders with a Level 1 sex offender having the least restrictions (lowest likelihood of committing another sex crime), and Level 4 sex offenders having the most restrictions (highest likelihood of committing another sex crime).

While Levels 1 and 2 place no restrictions prohibiting the individual's presence on a school campus, Levels 3 and 4 have specific prohibitions. These are specified in the SEX OFFENDERS ON CAMPUS (MEGAN'S LAW) policy and it is the responsibility of district staff to know and understand the policy and, to the extent requested, aid school administrators in enforcing the restrictions placed on campus access to Level 3 and Level 4 sex offenders.

It is the intention of the board of directors that district staff not stigmatize students whose parents or guardians are sex offenders while taking necessary steps to safeguard the school community and comply with state law. Each school's administration should establish procedures so attention is not drawn to the accommodations necessary for registered sex offender parents or guardians.

SEX OFFENDERS ON CAMPUS (MEGAN'S LAW)

The Hot Springs School District No. 6 shall work with area law enforcement in a manner consistent with applicable state law and Arkansas Department of Education Regulations to communicate the presence of a sexual offender. When necessary, law enforcement may contact building principals and give them information concerning registered sex offenders. The decision regarding which school principals to notify rests solely with law enforcement officials who use a rating system to determine those needing to be notified according to the offender's dangerousness to the community.

Building principals should, in turn, notify any person who in the course of their employment is regularly in a position to observe unauthorized persons on or near the school's property. Those notified could include employees such as aides, bus drivers, coaches, maintenance staff, professional support staff, school level administrative staff, security personnel, teachers' assistants, and teachers.

It is important that school personnel receiving notice understand that they are receiving sex offender notifications in their official capacity and are **not** to disseminate information about an offender to anyone outside the school. If school personnel are asked about notification information by an organization using school facilities, they should be referred to the area law enforcement agency that issued the notice.

Persons **not** to be notified except at the specific discretion of area law enforcement officials include members of parent-teacher organizations, other schools, organizations using school facilities, students, parents or guardians of students, and the press. Personnel may inform the press about procedures which have been put in place and other general topics, but may not reveal the name or any other specifics regarding an offender.

A parent or guardian who is a Level 1 or Level 2 sex offender shall be allowed to enter the school campus to attend parent-teacher conferences or any other activity which is appropriate for a parent or guardian, or community member.

Level 3 and Level 4 sex offenders may only enter the school campus in the following instances.

1. The offender is a student attending school in the district;
2. To attend a graduation or baccalaureate ceremony, or a school sponsored event for which an admission fee is charged or tickets are sold or distributed;
3. It is a non-student contact day according to the school calendar or no school-sponsored event is taking place on campus;
4. The offender is a parent or guardian of a student enrolled in the district and goes directly to the school office to have school personnel deliver medicine, food, or personal items for the student;
5. The offender is a parent or guardian of a student and enters the school campus where the student is enrolled to attend a scheduled parent-teacher conference **and** the offender is escorted to and from the conference by a designated school official or employee.

A Level 3 and Level 4 sex offender who is the parent or guardian of a child enrolled in the district and who wishes to enter the school campus in which the student is enrolled for any other purpose than those listed above, must give reasonable notice to the school principal or his/her designee. The principal or designee may allow the sex offender to enter upon the campus provided there is a designated school official or employee to escort and supervise the sex offender while they remain on campus. The sex offender shall not enter upon the school campus until such time as a designated school official or employee is available.

Copies of the notification from law enforcement should be kept in a secure place accessible to teachers and staff, but should not be posted on school bulletin boards or made available to students or members of the community at large

TOBACCO USE AND POSSESSION POLICY

The purpose of this policy is to reflect and emphasize the hazards of tobacco use, be in compliance with state and federal laws, protect the

health and safety of all students, employees and the general public, and set an example of non-tobacco use by adults. To attain the purposes and objectives, the Hot Springs School District No. 6 establishes a tobacco free policy as set forth herein.

The Hot Springs School District No. 6 and all of its properties shall be, as set out herein, tobacco free 24 hours a day, 365 days per year. Included are all functions taking place on school grounds, either sponsored by a school or the District, as well as all functions or activities not associated with, or sponsored by, a school or the District.

Possession or use of tobacco products of any kind by students on District property, whether owned, rented, or used for district purposes, in district vehicles, including busses, and at school sponsored functions, whether on or off of district property, is prohibited at all times.

The use of tobacco products of any kind by employees of the District, or volunteers, on district property, whether owned, rented or used for district purposes, in district vehicles, including busses, and while involved in school sponsored functions, whether on or off of district property, is prohibited at all times.

The use of tobacco products by all visitors to the school district property, including non-school hours and at all functions sponsored by the school or others, athletic or otherwise and on or off school property, is prohibited.

The policy will be included in employee and parent/student handbooks, and notice thereof posted at entrances of school buildings, playgrounds and athletic fields, as well as in visible places inside and outside the schools of the District. Local media will be asked to communicate this tobacco-free policy community-wide.

Enforcement and consequences of violation of this tobacco free policy are as follows:

1. Students: Consequences for the first offense may range from a conference and confiscation of the product to suspension, as provided for in student discipline policies, at the discretion of the Principal or designee. Depending on the circumstances, parents may be notified, police may be notified, meeting and assessment with substance abuse educator or designated staff, participation in tobacco education program, and the offering of student resources for available cessation programs may be included in the consequences. Second and subsequent offenses will result in more severe consequences than the first offense, and the severity will depend upon the circumstances and determined by the Principal or designee. If available, Tobacco Education Programs may be mandated as a part of the consequences.
2. Employees and Volunteers: The use of tobacco products of any kind on district property, at any time, is prohibited. The use of tobacco products of any kind while involved in school sponsored activities or functions, regardless of the location, is prohibited.
3. Consequences for violation of this policy shall be a written warning by the employee's supervisor or appropriate administrator and referral to a cessation program for the first offense; a formal reprimand by the employee's supervisor or appropriate supervisor, to be placed in the employee's personnel file, and referral to a cessation program for the second offense; and possible suspension without pay or non-renewal or dismissal and referral to a cessation program for the third or subsequent offenses, depending upon the circumstances.
4. Visitors: Use of tobacco products of any kind by visitors, on school district property, whether owned or rented, at any time, is prohibited. Visitors violating this policy, as well as applicable federal and state law, will be informed of the policy and the law prohibiting tobacco use on school property. Continued violation will result in appropriate authorities, including law enforcement personnel, being notified.

The Superintendent shall establish any procedures or guidelines necessary to implement this policy. Such procedures and guidelines shall be applied as uniformly as practicable, considering the circumstances of each individual case.

USE OF CELL PHONES

Any driver of a motor vehicle which is privately owned and operated for compensation, or which is owned, leased or otherwise operated by, or for the benefit of the District, and is operated for the transportation of students to or from school or school sponsored activity shall not operate a cell phone unless the vehicle is safely off the road with the parking brake engaged.

The use of cell phones by any employee or substitute during instructional time or any time while students are under their care and supervision is prohibited.

The prohibition of this policy shall not apply in emergency situations.

DRUG FREE WORKPLACE-ALL EMPLOYEES

The conduct of district staff plays a vital role in the social and behavioral development of our students. It is equally important that the staff have a safe, healthful, and professional environment in which to work. To help promote both interests, the district shall have a drug free workplace. It is, therefore, the district's policy that district employees are prohibited from the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances, illegal drugs, inhalants, alcohol, as well as inappropriate or illegal use of prescription drugs. Such actions are prohibited both while at work or in the performance of official duties while off district property; violations of this policy will subject the employee to discipline, up to and including termination.

To help promote a drug free workplace, the district shall establish a drug-free awareness program to inform employees about the dangers of drug abuse in the workplace, the district's policy of maintaining a drug-free workplace, any available drug counseling, rehabilitation, and employee assistance abuse programs, and the penalties that may be imposed upon employees for drug abuse violations. Information about the availability of such service may be obtained at a school counselor's office.

Should any employee be found to have been publicly under the influence of, or in illegal possession of, any illegal drug, controlled substance or alcohol, whether or not engaged in any school or school-related activity, the employee may be subject to discipline, up to and including termination. Possession, use or distribution of drug paraphernalia by any employee, whether or not engaged in school or school-related activities, may subject the employee to discipline, up to and including termination. Possession in one's vehicle or in an area subject to the employee's control will be considered to be possession as though the substance were on the employee's person.

It shall not be necessary for an employee to test at a level demonstrating intoxication by any substance in order to be subject to the terms of this policy. Any physical manifestation of being under the influence of a substance may subject an employee to the terms of this policy. Those physical manifestations include, but are not limited to: unsteadiness; slurred speech; dilated or constricted pupils; incoherent and/or irrational speech; or the presence of an odor associated with a prohibited substance on one's breath or clothing.

Should an employee desire to provide the District with the results of a blood, breath or urine analysis, such results will be taken into account by the District only if the sample is provided within a time range that could provide meaningful results and only by a testing agency chosen or approved by the District. The District shall not request that the employee be tested, and the expense for such voluntary testing

shall be borne by the employee.

Any employee who is charged with a violation of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances or alcohol, or of drug paraphernalia, must notify his immediate supervisor within five (5) week days (i.e., Monday through Friday, inclusive, excluding holidays) of being so charged. The supervisor who is notified of such a charge shall notify the Superintendent immediately. If the supervisor is not available to the employee, the employee shall notify the Superintendent within the five (5) day period.

Any employee so charged is subject to discipline, up to and including termination. However, the failure of an employee to notify his supervisor or the Superintendent of having been so charged shall result in that employee being recommended for termination by the Superintendent.

Any employee convicted of any criminal drug statute violation for an offense that occurred while at work or in the performance of official duties while off district property shall report the conviction within 5 calendar days to the superintendent. Within 10 days of receiving such notification, whether from the employee or any other source, the district shall notify federal granting agencies from which it receives funds of the conviction. Compliance with these requirements and prohibitions is mandatory and is a condition of employment.

Any employee convicted of any state or federal law relating to the possession, use or distribution of illegal drugs, other controlled substances or alcohol, or of drug paraphernalia, shall be recommended for termination.

Any employee who must take prescription medication at the direction of the employee's physician, and who is impaired by the prescription medication such that he cannot properly perform his duties shall not report for duty. Any employee who reports for duty and is so impaired, as determined by his supervisor, will be sent home. The employee shall be given sick leave, if owed any. The District or employee will provide transportation for the employee, and the employee may not leave campus while operating any vehicle. It is the responsibility of the employee to contact his physician in order to adjust the medication, if possible, so that the employee may return to his job unimpaired. Should the employee attempt to return to work while impaired by prescription medications, for which the employee has a prescription, he will, again, be sent home and given sick leave, if owed any. Should the employee attempt to return to work while impaired by prescription medication a third time the employee may be subject to discipline, up to and including a recommendation of termination.

Any employee who possesses, uses, distributes or is under the influence of a prescription medication obtained by a means other than his own current prescription shall be treated as though he was in possession, possession with intent to deliver, or under the influence, etc. of an illegal substance. An illegal drug or other substance is one which is (a) not legally obtainable; or (b) one which is legally obtainable, but which has been obtained illegally. The District may require an employee to provide proof from his physician and/or pharmacist that the employee is lawfully able to receive such medication. Failure to provide such proof, to the satisfaction of the Superintendent, may result in discipline, up to and including a recommendation of termination.

MOVIES IN CLASSROOMS

It is the objective of the Board that all materials used in the classroom are age appropriate and used solely for educational purposes. The Board further recognizes that there may be circumstances when materials not strictly of an educational nature may be appropriate, and the conditions of this policy shall control with regard to the use of such non-educational materials.

DEFINITIONS: For purposes of this policy, the following definitions shall apply, unless specifically stated otherwise.

1. **MOVIE:** Any motion picture as the term is understood in common usage, any format, including, but not limited to, videos, DVDs, etc.

REQUIREMENTS FOR PARAPROFESSIONALS

No Child Left Behind (NCLB) requires that Title I paraprofessionals who have any student instructional contact be "highly qualified." This requires that, at a minimum, they shall have:

1. completed at least 2 years of study at an institution of higher education;
2. obtained an associate's (or higher) degree;
3. taken and passed the Parapro Assessment Test certifying they are highly qualified; or
4. satisfied any other state or federal requirement for paraprofessionals to be "highly qualified."

New employees hired as paraprofessionals are required to have met the qualifications criteria as an initial condition for employment. Title I paraprofessionals who have any student instructional contact already employed by the district as of January 8, 2002 must be able to meet the qualifications criteria by January 1, 2006.

The superintendent shall determine if, in his or her opinion, a paraprofessional employed by the district prior to January 8, 2002 may be reasonably expected to satisfy the requirements imposed by NCLB or state requirements by January 1, 2006. No later than 30 days prior to each paraprofessional's contract commencement date the superintendent shall notify paraprofessional employees deemed unlikely to satisfy NCLB and/or state requirements that they are being recommended for non-renewal. In the event that, subsequent to contract renewal, the superintendent determines the paraprofessional employee does not meet the definition of "highly qualified," it shall be grounds for termination of the paraprofessional's contract of employment.

An exception to the highly qualified requirements of NCLB is allowed for paraprofessionals who are proficient in English and a language

other than English and who provide services primarily to enhance the participation of children in programs served under Title I by acting as a translator; or whose duties consist solely of conducting parental involvement activities consistent with the requirements of NCLB.

FIELD TRIP AND OFF CAMPUS ACTIVITIES LEAVE POLICY

The purpose of this policy is to clarify employees' leave when attending an off campus activity or accompanying students on a field trip.

An employee specifically requested by employee's principal or designee to accompany students, for any purpose, on a field trip, or attend an off campus activity, shall be granted professional leave during the absence from regular duties.

Any other employee attending such activities, or accompanying students on a field trip, will be required to apply for and take any applicable and appropriate available leave under the policies of the district.

This policy shall not apply to off campus activities or trips that are a regular and normal function of an employee's duties and responsibilities as part of the employee's contract with the district.

PARENT-TEACHER COMMUNICATION

The district recognizes the importance of communication between teachers and parents/legal guardians. To help promote positive communication, parent/teacher conferences shall be held once each semester. Parent-teacher conferences are encouraged and may be requested by parents or guardians when they feel they need to discuss their child's progress with his/her teacher.

Teachers are required to communicate during the school year with the parent(s) or legal guardian(s) of each of their students to discuss their academic progress. More frequent communication is required with the parent(s) or legal guardian(s) of students who are performing below grade level.

All parent/teacher conferences shall be scheduled at a time and place to best accommodate those participating in the conference. Each teacher shall document the participation or non-participation of parents(s)/legal guardians(s) for each scheduled conference.

If a student is to be retained at any grade level, notice of, and the reasons for retention shall be communicated promptly in a personal conference.
