PARENT POWER

There are many ways you can support your child's learning and school. Here are a few ideas:

- Spend a few minutes every evening looking over handouts your youngster brings home. Fill out forms and return the next day.
- Tell your child's teacher if you can help them out at school or home.
- Make sure teachers know you appreciate their efforts.
- Contact your youngster's teacher immediately if you see a problem. Working together will help your child succeed.
- Attend conferences, parent meetings, and school events regularly.
